Information about visiting the museum
during the corona pandemic

Due to the current situation, you can currently only visit our museum under the following conditions:

• Please come either alone or with your family and make an appointment on site with max. 1 other person.

• Please wear mouth and nose protection during the museum visit.

• Please keep the usual minimum distance of 1.5 - 2 meters from other people while visiting the museum.

• Audio guides are currently not issued.

• Interactive stations cannot be used for hygienic reasons. Therefore, in the special exhibition „Qanga – Die Geschichte Grönlands als Graphic Novel“ we offer coloring pages and origami folding instructions to take home.

• To ensure comprehensive hygiene, we ask you to wash your hands regularly and to sneeze and cough properly.

• We currently do not offer group tours. There are a few videos or articles on our homepage that offer further information.

The guidelines for visiting the museum have been developed together with the health department and the city museums and serve both your protection and that of our employees.

We are looking forward to your visit!
